CHERRY PECTORAL. For the rapid Cure of COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Among the numerous discoveries Science has made in this generation to facilitate the business of life-increase its enjoyment, and even prolong the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely conrol and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures affected by its use, but we would present the following: and refer further enquiry to my American Almanac, which the agents below named, will always be pleased to furnish free, wherein are full particulars, and indisputable proof of these state-

ments.

Office of Transportation, Laurens R. R. S. C., Aug. 4, 1653.)

J. C. Ayer. Dear Sir,—My little son, four years old has just recovered from a severe attack of malignant Scarlet Fever, his throat was rotten, and every person that visited him, pronounced him a dead child. Having used your Cherry Per roral in California, in the winter of 1850, for a sovere attack of Brouchitis, with entire success, I was induced to try it on my little boy. I gave him a tea-spoon-full every three hours, commencing in the morning, and by ten o'clock at night. I found a decided change for the bester, and after three days use, ho was able to eat or drink without pain.

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent. For all affections of the Throat and Lungs, I believe it the best medicine extant. A feeling of the deepest gratitude, prompts me in addressing you these lines, but for your important discovery, my little boy would now have been in another world.

I am yours, with great respect,
J. D. POWELL. Supt. Trans., L. R. R. Bock Hill, (Summerset Co.,) N. J., July 21, 1852.

Dr. J. C. Ayer,—Since your medicine has been known.

I am yours, with great respect,
J. D. POWELL. Supt. Trans., L. R. R.

Rock Hill, (Summerset Co.,) N. J., July 21, 1852.

DR. J. C. Aver.—Since your medicine has been known here, it has a greater demand than any other cough remedy we have eversoid. It is spoken of in terms of anmeasured praise by those who have used it, and I know of some cases where the best they can say of it, is not too much for the good it has done. I take pleasure in selling it, because I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers.

Please send me a further supply, and believe me
Yours, with respect, JOHN C. WHITLOCK.
P. S. Almostany number of certificates can be sent you, if you wish it.

Winsor, C. W., June 26, 1852.

J. C. Aver. Sir. This may certify that I have used your CHERRY PECTORAL for upwards of one year; and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the lungs, and I do not overstate my convictions when I tellyou it is a priceless remedy.

Yours very respectfully,
D. A. McCUlbin, Attorney at Law.
Wilksbarre, Pa., September 28, 1850.

Dr. J. C. Aver. My dear Sir.—Your medicine is much approved of by those who have used its composition is such as to insure and maintainits reputation. I invariably recommend it for pulmonary affections, as do many of our political physicians.

Lam your friend.

REPORTS FROM STANDING COMMITTEES. Mr. G. LLIS, from the committee on Public Offices, in relation to the communication from R. C Wintersmith, Treasurer, to that committee referred: ordered to be printed. Stid report is as follows:

The undersigned committee of the Senate to whom was referred the communication of R. C. Wintersmith, State Treasurer, having had the same under consideration, and after a full and faithful investigation of the facts, submit for the

ie act of 9th March, 1854, on which Mr. W atersmith drew the money is in these words:

That hereafter there shall be an allowance of one thousand dollars per annum for clerk's hire in the Auditor's Office, and five hundred dollars per aunum to the Treasurer, to enable him to employ the services of a clerk, to aid him in the perform unce of his duties."

It will be perceived that the appropriation is direct to the Treasurer, to enable him to employ a clerk's services to aid him in the performance of his duties. The appropriation being direct "to the Treasurer," certainly gave him an indis money from the treasury, but gave to him in the same, unless expressly interdicted by some clause Your committee are of opinion that it does not through the means of the services of a clerk to enable him to perform the duties of his office, still the performance of those duties was the ulti-mutum required, and as a faithful discharge of the duties was all that was demanded, as the money was only given to enable him to employ the service of a clerk; and as nowhere in said act is the said Treasurer express required to employ even the services of a clerk, at only enabled to employ such service, your committee came necessarily to the conclusion. committee came necessarily to the concusion, that, to the Treasurer was given the entire control of the money, and that in consideration of the complete discharge of all the duties incumbent on the office of which Mr. Wintersmith

The next question which presents itself is, had he a right morally to retain the money. The answer to that depends in the opinion of your comm ttee alone on the question of whether the duties of his office. It was to secure such a dispriated. And your committee having had ample means and opportunity offered them to ascertain the fact that those duties were all duly, faithfully and promptly performed, give it as their opinion unhesitatingly that he is morally entitled to retain the money. So much for the legal and Mr. HAGGIN offered an amendment provides

appears clear to the view of your committee that such was the view taken of it by the Legislature passing the act. Otherwise, instead of tee of thirteen, reported a bill fixing the time of placing five hundred dollars solely under the holding the terms of the Circuit Courts of the va ontrol of the Tressurer, the Legislature would have made the necessary provision for the perm went establishment of a clerkship in that office with a stipulated salary. It appears also evident to your committee that the Legislature regarded the onties of the office of Treasurer as imposing labors upon that officer, for which his annual salary was not an adequate compensation. Yet that the duties to be performed and labors requisite thereto, were not sufficiently great to satisfy the permnent employment of a salaried clerk, and herefore to relieve the Treasurer of some of the bill would embrace two different subjects under labors incident to his office, the Legislature gave the same title. to that officer the five hundred dollars, that he might employ such aid as was necessary to the accomplishment of all his official duties; nowhere, however, binding him to any stipulated obligation, but that a prompt and faithful discharge of official duty, which ne might thus be as it originally stood, passed.

It may be said, however, that it was not the intention of the Legislature to employ the head of a bureau or salaried officer at the head of a department to do clerk's service, in connection with his duties of office and salary attached -Such a course, your committee are of opinion, practiced upon as a rule would be improper, yet there are some peculiarities incident to the case under consideration. The office of Treasurer is under consideration. The office of Treasurer is one of deep responsibility, of heavy obligation, of imminent trust, having the keeping and handling of the entire cash revenues of the Commonwealth, paid into said office annually, and being responsible for every dollar thereof. The Legis lature would very naturally feel some delicacy in ordering a clerk in that department, unless at the express desire of the official incumbent, and would, your committee are of opinion, choose rather not to interfere in the internal conduct of the office ha giving a permanent clerk, but give such additional aid to the principal officer as to enable him to the day secure the performance of the duties, holding

him alone responsible. It may be urged, however, that as the Treasurer hired no clerk, that his salary is sufficient to secure the proper performance of his official du ties, arguing from the fact that he did so perform them without the aid of clerk service. That may be a question calling for future action on the part of the Legislature; it certainly has nothing to do with the action of the past. The Legisla-ture who passed the act of the 9th of March, 1854, must have supposed that the salary of the Treasurer was incdequate both to superintend the following titles:

Your committee find that Mr. Wintersmith indered gratuitously to Mr. Wintersmith, which enabled, by extra labor, to discharge all the duties devolving upon his office. of the Louisville Courier. SIR: The undersigned, friends and neighbors of the Rev. Cadwallader Lewis, having seen, in the Louisville Courier, several articles over your signature containing statements with regard to that gentleman wholly untrue, and without put up in wrappers, will be furnished to the members of the General Assembly at Two Cents personally you must be entirely ignorant of the subject on which you write, and must rely on the TP Single copies of the Weekly Common- statements of others for them, have concluded to of the General Assembly at Four CENTS per this attack on Mr. Lewis, as known to ourselves, but mainly to vindicate the character of a most worthy and high-minded gentleman, and exem-plary and consistent christian and minister of the The adjourned meeting of this convention will gospel. In your first article, noticing the resignation of the Rev. C. B. Parsons, you mention the Rev. Cad. Lewis as his successor, who, you say, "has frequently demonstrated his zeal in the cause of religious proscription—the latest instance being his attempt to divide the Church at Buck Run." Now, to both of these charges, the general and specific, we who are his neighbors plead for him "Not guilty," and as those who have been his real calumniators have thought blage, of all persons interested, from all parts of proper through you, (for, as we said before, you blage, of all persons interested, from all parts of the Stite, is particularly desired, so that the Le-Know-Nothing,) to drag this Buck Run Church gislature may feel well assured of the importance know the real causes of said difficulty, have concluded to present them to you and the public, leaving both to judge whether Rev. Cad. Lewis,

the world. A certain gentleman, whom it is unnecessary To n une, who has for muny years been a Deacon and very prominent member and leader in said so well and so long, became, some years since, tation at the Capital Hotel, on next Wednesday fired with a desire to figure in the political world. He accordingly offered to represent the good people of Frunklin county in the Legislature of The Louisville Times contains a letter, Kentucky, on the Democratic side of politics .from an E je Witness, conversing the late stabbing Parties in the county at this time (Whig and Democratic) were pretty equally divided. Having been long known as a Democratic leader, and by makriends, inducing some to vote for him, and oth where Americanism is concerned. He states that a Mr. Miller challenged the vote of an Irishman numed Powers; when Powers declared himself to larger theatre than Buck Run Church, he again presented himself to the people of the county for their suffrages at the last August election.

But a great change had come over the spirit of killing him in about ten minutes. The turn their dreams—he was this time defeated by a large which the Times attempts to give to this letter, majority; and amongst others the Rev. Cad. Lews who on the former occasion had supported him by his vote, (being then a Democrat) sometime evious to the last election embraced the views the American Party, voted for the candidate that party and against the Ex-Squire and rulg Deacon of Buck Run church.

For a year or more prior to the election it was umored that Mr. Kenny the then pastor of the urch at Buck Run contemplated removing from the American party he was the only man we ever heard spoken of as Mr. K's. successor, provided his services could be procured, this seeming to be the hade to him to extract a promise from him to ceept the pastorship up n this contingency and his too by the very men who are now most bitter their denunciations of him. In a conversaon which one of us had with a Democratic memper of the committee appointed to present a suitable person as Pastor, after the resignation of Mr Kenny, he remarked that Mr. Lewis was deci-ledly his choice; that he considered him the most suitable m in and had no doubt of his being the oice of the church expressing at the same time great fears that he could'nt be obtained. About two weeks after this conversation the committee omposed of three Democrats (one of whom is Scott County member) and another the gentle an above alluded to, with one K. N) met in or er to consult as to whom they would report to The three Democrats having con erred together for some time were joined by K. N. colleague, Mr. J. D. Brown, who earned from them that they had concluded to present Rev. B. T. Quinn alone. Mr. Brown pro-Lewis (Democrats) objected to that name. Mr. Brown asked for their reason and the aforesaid Deacon observed that he did not consider any K. N. fit administer the ordinances of the church and he vas not willing for one to be Pastor over him. Mr. Brown proposed a compromise and suggested Dr. Campbell and he refused him because he said also might be a K. N. Mr. Brown then remarked that if they would not report both names, ne would have to make a minority report,—which subsequently did at the church meeting. Fo our information and that of the public we will ere remark that this objector and the defeated and disappointed candidate for the Legislature one and the same individual.

So far as your general charge against Mr. ewis goes of his frequently demonstrating his eal in religious proscription, we have all been ong upon terms of intimacy with him, and know that in our social intercourse with him, we have sever heard from him a sentiment which could astify such a charge, and have never heard him charged by any one in the neighborhood, or county, with having made a public political speech, or doing anything which could justify be imputation of being a proclaimer of politics. You state that he attempted to divide the Church Buck Run, for the reason that another was eferred to him as their Pastor. Now, it is nown to some of us, who were present at the me the vote was taken, that he refused his as ent to be voted for, stating that he would no rve if chosen; and many who were auxious to ave his services, and amongst them most of his wn family, voted for another at his request -Ve cannot believe that you would, of yourself ithout having good grounds for making such arges, have done so. We were consequently do to the belief that you have had information that effect from persons professing themselves ognizant of the facts. If so, will you please state pon whose authority your statements are mide? t is a very serious thing to attempt to injure the naracter of any man by recklessly making atements which are untrue; and a sense of juse journal, ought to induce you to place the reponsibility for such an act on the proper person: ·Who steals my purse, steals trash: 'tis something, no-

rming:
Twas mine. 'tis his, and has been slave to thousands;
But he that filehes from me my good name,
'obs mar of that, which not enrich as him,
And makes me poor indeed.'

This is true in all cases, but most emphatically

in the case of a clergyman. Your statements, made as they are upon the epresentations of others, can have no weight ith the public, unless that public knows from that source they have emanated. We fearlessly ve the lie to them all, not charging it upon you, out upon your author or authors, and this, too, over our own proper signitures. Your informant also states that the Church are almost unanious in their reprobation of Mr. Lewis' unchrisan course. Now, the largest vote which was at time given, as we are informed and bélieve, or Mr. Quinn, (who is, as we all believe, a gen leman and a christian, and who has had too much good sense to permit himself to be used by this eligio-politico faction,) was only thirty votes; nd we have certain knowledge that twenty-eight nembers of the church have signed papers approbating Mr. Lewis' course, and expressing a lesire to have him as their pastor. So you will see nat your informant is deceiving and imposing alsehoods upon you, subjecting you to imputanduce you to place upon those to whom they properly belong.

STRAW-CUTTER QUESTION.

MESSRS, J. B. FORD & CO., of the city of New Albany, In the State of Indiana, claiming to be the owners of Sandford's paten-right to manufacture what is known as Sandford's Straw-Cutter, have soldthe right to manufacture the same to various personafor certain prescribed territories, and they have warned the public against purchasing the Straw-Cutter manufactured by us. We have been for a long time satisfied that the so-called-Sanford patent is a fraud, and that it is void, being a palpable piracy and infringement of the patent-right of John Boynton, which bears date 25th day of September, 1838, and has expired. We have been satisfied that the machine denoulanted Sanford's perfect Straw-Cutter is constructed not according to the specifications contained in Sandford's patent, but according to the specifications contained in Boynton's and all this has recently been decided in the U.S. Circuit Court for the Middle district of Tennessee. Some months since, we sold to B. S. Weller, of Nashylle, several of the so-called Sanford Straw-Cutters, which were taken by him to the State of Tennessee and there sold. Ch's M. Alexander claimed to be the assignee of Sanford's patent for the State of Tennessee from J. B. Ford & Co., and sued Weller on infringement. Well-red defended and insisted that Sanford's patent is void and a piracy on Boynton's, and, as we before said, court and jury so decided.

We are prepared, as heretofore, to furnish all orders STRAW-CUTTER QUESTION.

Ind a practical problem of the control of the control of the strew-Cutters manufactured by us, and to defend in and every person in selling or using them.

RHEUMATIC COMPOUND.

THIS truly celebrated preparation, efficacious alike for each and every description of RHEUMATIC COMPLAINTS, is already too well known and esteemed throughout the United States, to require any lengthy notice of its paramount virtues. It eradicates this heretofore incurable and distressing disease from the system, and stands unrivalled in the pharmacy of medicine. SUFFERERS THEMSELVES, SUFFERERS THEMSELVES, to procure from the agent in their vicinity, a circular, and not only read the testimony of those who have experienced its invaluable curative powers, but to write to, or call upon, the convalescents, so that the statements may emanate from the Fonntain Head—a course which will satisfy the most incredulous, and one by which the reputation of the Remapy is certain of being sustained. Write also to the proprietors, who will accord every information, and furnish manes of undoubted character from every section of the Union, numbering among them some of the most eminent Physicians, Clergymen. Editors, and prominent citizens, rendering the reliability and efficacy of the remedy beyond the reach of doubt or mistrust.
